DETAILED ACTION

This action is in response to Request for Continued Examination and Amendment filed July 19, 2007. Claims 2, 5, 16 and 17 were amended as requested by the applicant.

Response to Arguments

Applicant's arguments, see Amendment, filed July 19, 2007, with respect to claims 2, 16 and 17 have been fully considered and are persuasive. The rejection of claims 2, 16 and 17 has been withdrawn. Applicant amended the claims to overcome the prior art of record.

Allowable Subject Matter

Claims 2-21 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 2, 16 and 17, the prior art fails to teach or suggest a rod or joystick attached to the slide mount and the distal portion may be interchanged between the left and right sides of the upper stage.

Roeth (US 2005/0111096) shows a rod or joystick attachment that may be able to interchange between the left and right sides (Fig. 4) but does not explicitly states interchanging is possible nor provide any suggestion to interchange the rod or joystick.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
